CONSTITUTIONAL PROHIBITION TONIGHT LEAGUE OF NATIONS FUNCTION TODAY

WASHINGTON, Jan. 14.—Constitutional prohibition, the dream of the prohibitionists for more than a century, becomes a reality at a minute after mid-night tonight in every nook and corner of the United States and its possessions. From the land in which he was so popular John Barleycorn left today under formal deportation by the constitution. Virtually the only celebration commemorating the falling of the Barleycorn ark are jubilees of prohibitionists in various cities who confidently predict he will never return. His friends are still punning their faith on one hope—that the Supreme Court might find constitutional prohibition invalid. A force of special prohibition agents backed by other government officials will start tonight to enforce the letter of the constitutional law. War time prohibition had many leaks but the nation will be bone dry under the amendments, Daniel Roper, Commissioner of Internal Revenue predicted today.

WASHINGTON, Jan. 16.—Daniel Roper, Commissioner of Internal Revenue, on his return here from New York, said that the appointment of fifty additional men in New York City to cope with the liquor situation there. He said that conditions in New York were very bad, but thinks they will improve after midnight tonight when the Prohibition amendment goes into effect.

We are going to enforce Prohibition, said Mr. Roper. The law is plain and people must obey it. The Prohibition amendment becomes operative at 12 o'clock Saturday morning. Then the agents of the Bureau of Internal Revenue will begin in earnest to make the Nation dry.

It has been an open secret that Government officials did not intend to be too drastic in the efforts to carry out the provisions of the War time Prohibition Act, but sound soft pedal until today.

President Wilson will be asked to recommend legislation for the use of the 70,000,000 gallons of alcohol being produced in the country. The price of such liquor will be fixed by the government and the amount of this liquor will be limited to a certain amount. Mr. Roper is in and to enforce the law. He will report a program for carrying out the taking of the liquor and the making of proper settlement for it. The work of the officials will be put up to Congress.

Officials Fear Thugs

Treasury Department officials fear they will not be able to enforce the law in the liquor in the cities. The crime is too common and the property is being used in the field. This arrangement the officials say cannot be kept up long.

Thief of liquor cases were reported to pay a large sum of money on all that is stolen. That is such an amount for proposition that Congress will be asked to provide a remedy. The Government is supposed to protect and keep the property of the citizens. But up the town there will be no legal consequences for the thieves.

SHIP BUILDING FRAUDS ON PACIFIC COAST ARE SUBJECT OF PROBE

WASHINGTON, Jan. 16.—Evidence of ship building frauds on the Pacific coast is now partially ready for consideration by the grand jury according to agents of the Department of Justice here today. The Treasury Department and the Shipping Board investigation committee will assist Palmer's men in preparing the evidence. Practically all of the Pacific Coast attaché of the Bureau of Investigation of the Department of Justice have given their time almost exclusively to the investigation.

"BIG THREE" DRAFT LETTER TO HOLLAND DEMANDING THE KAISER

PARIS, Jan. 16.—The big three drafted a letter to be sent to Holland asking for the return of the Kaiser. The letter was known following a long discussion yesterday.

French Cabinet Quits Saturday
PARIS, Jan. 16.—Premier Clemenceau announced today that the French cabinet would resign on Saturday.

PARIS, Jan. 16.—The League of Nations, without American membership or representation, took its place as a world institution today. It came into being at a solemn inaugural meeting of the League's Supreme Council in the historic clock room of the French foreign office. It was the same spot where the League was born eleven months ago. Leon Borgeois, President of the French Senate was elected permanent president.

Neither American Ambassador Wallace nor any subordinate American official was present. Each speaker regretfully referred to that fact. The only Americans who watched the hands of the great clock sweep through the hour which launched the great international institution on a basis of justice and co-operation were newspaper men.

The meeting began at 10:35 a. m. and adjourned at 11:50. Referring to America's absence Premier Borgeois in his opening address declared the Council's work cannot assume "that definite character and that particular force which would be assisted with our work" until the United States becomes a member of the league.

BRYAN THREATENS SURRENDER TO REPUBLICANS ON TREATY DISPUTE

WASHINGTON, Jan. 16.—William J. Bryan today continued his campaign among the Democratic Senators for immediate ratification of the peace treaty threatening a Democratic surrender to the Republicans if no other way is possible. Bryan, who came to Washington late yesterday, was scheduled to see a number of Senators today. Democrats announced a conference late yesterday with Senator Lodge and other Republicans in Lodge's office. Today they were to discuss with their colleagues several changes of the Lodge reservation as suggested in the meeting yesterday. They are to report at a second conference with Lodge on Saturday. Senators who attended the conference declined to discuss the details of the suggested changes.

CHICAGO BANDITS WITH FOUR AUTO TRUCKS STEAL 75 BARRELS OF RYE

CHICAGO, Jan. 16.—Six bandits held up the yard master and seven members of a freight train crew in the Pennsylvania railroad yards early today. They broke into two cars and escaped with 75 barrels of liquor valued at \$100,000. The bandits entered the yard master's office tied him, and cut the telephone wires leading from the building. They tied the engineer, fireman, three brakemen and two sweepers of the train crew and loaded the whiskey into four trucks. The helpless crew and yard master were not discovered until several hours later when the day crew reported.

U. M. W. OF A. OFFICIALS DENY THEY SEEK NATIONALIZATION OF MINES

WASHINGTON, Jan. 16.—U. M. W. of A. officials today denied the charges of coal operators that an attempt was being made to bring about nationalization of the mines. The operators charged that the miners in presenting evidence before President Wilson's Coal Commission were trying to prolong the inquiry into demands for higher wages and shorter hours by asking investigation of conditions which were settled by old time contracts. The ultimate object being nationalization of the mines. The commission did not meet today, having adjourned until Monday afternoon to allow the miners to compile details of their argument regarding the working of the Central Competitive field.

CLAIM DETHRONING OF HUERTA BY U. S. BASIS OF MEXICAN HATRED

SAN ANTONIO, TEXAS, Jan. 16.—Meddling of the United States government in connection with the ousting of Huerta was advanced today as the cause of the bitter feeling and hostility against Americans in Mexico according to testimony before the Fall committee investigating the Mexican situation. Today's hearing was expected to bring out further testimony that the sweeping hostility and lawlessness prevailed among Mexican federal troops as well as among the outlaws.

At last a letter has been drafted demanding from Holland the Kaiser. When will it be mailed and will the letter be sent by the Burleson route? We want to live to read the proceedings of the trial.

Where are all those wiseacre editors who predicted that there would be a revolution or a general strike when the bottle was taken away? And where are those solicitous editors who saw Pennsylvania doomed because of our quiet, restful Sabbath Day? Don't know. Who cares anyway?

Today we publish an article dealing with the manner in which our government is dealing with disabled soldiers. Every once in a while we hear of a case in which it appears that justice has not been done. We believe that if these cases were brought to the attention of the proper officials there would be little cause for complaint from any quarter.

A gifted, talented and accomplished musician is one of the angels of earth. No matter what our troubles, our worries or our joys; the effect of music on our lives is always for good. It will be choice news for our readers to learn that Miss Helen Yorke and Mr. Wadsworth Provendia, who appeared here this winter with the De Feo Opera Company, have been engaged for a concert the early party of February. More anon.

The Philipsburg Journal remarks, "Domestic differences occupy too much attention in many of our courts. Clearfield county is particularly marked in this respect. Probably there will be a change for the better with the elimination of the drinking system, which has often been responsible for so much domestic trouble."

If our Clearfield county men would stay away from Centre County there might be less domestic trouble at home.

It may be sacrilegious to speak of money matters in this column but we fear a number of our subscribers have forgotten that Red Envelope. Today we had to stop a number of subscriptions which we know should not have stopped because the readers are regular subscribers who have never missed an issue but we have to follow our rule and keep the promise we make to all mail subscribers—that the paper will not be sent a day after expiration.

The Premier of France paid a great compliment to the United States when he said that the League of Nations, effective today, loses much of its power and force by reason of the United States not being a party to the League Council. There is no doubt that the Allies expected the United States to sit in as the balance of power that would stabilize the whole of Europe. The thought of the United States being such an important factor in world affairs is father to the opinion that we will be just as well off by staying out of a combination in which we will be supposed to bear the brunt of being the lid that will keep Europe's kettle from boiling over. Our Allies believe they are the losers by our absence. If Europe can show us where the advantage is for us the league will appeal more strongly.

Mendez, one of the leaders of the Cortobado bandits who abducted William O. Jenkins, American consular agent at Puebla, has been captured, according to dispatches from that city. Mexican authorities reported that Mendez had produced important evidence against Jenkins, who is charged with collusion with the bandits. READ THE PROGRESS

LADIES' BAZAAR

Professor Henry Norton stated:—

"I am able to say with confidence that margarine contains nothing whatever that is inferior as an article of diet, but on the contrary, is essentially identical with the best fresh butter and is superior to much of the butter made from cream alone which is found in the market. The conditions of its manufacture lend it a degree of cleanliness and consequent purity in the product, such as are by no means necessarily or generally attained in the ordinary making of butter from cream."

Professor Norton is the Food Expert of the Stevens Institute of Technology of New Jersey.

It is true, such matters as these are brought out.

All milk and cream are supposed to be sterilized and pasteurized before they leave the milk stations in the country. But every one of the hundreds of cases of milk and cream that come to us daily are re-clarified and re-pasteurized by us before they are ever allowed to go to our customers.

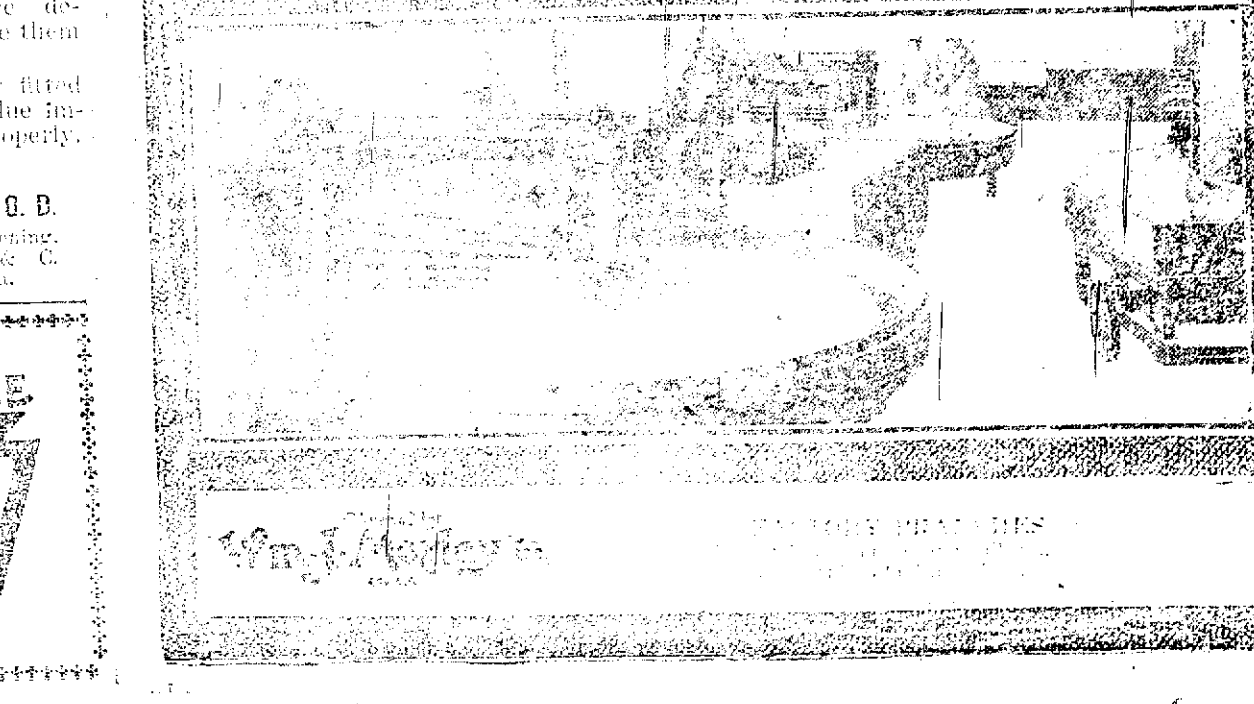

You would not give your babies unsterilized or unpasteurized milk. You know how that would hurt them, just as it would with margarine. Your family physician or your health committee would tell you that.

All the top milk and cream agree on this point.

And therefore, we KNOW that "DIXIE" Margarine is absolutely pure and absolutely wholesome. It not only tastes like good butter, but it is more nutritious than any butter.

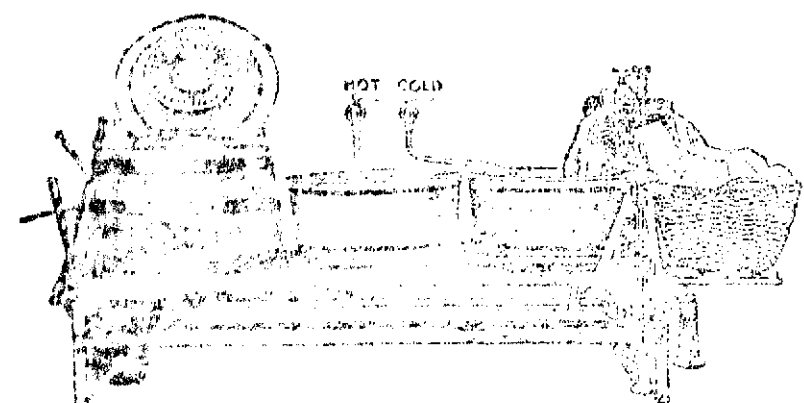

Try it and you will mighty quickly convince yourself.

Below is a picture of one of our great butter workers used to "work" "DIXIE" exactly the same as butter is worked.

THREE BUSINESS MEN LAID UP

Three business men of Clearfield are laid up this week, and while others are attending to the needs of their customers, they will be unable to get out and make their collections. We refer to Albert Logan, James Wesley and Terry Bratton. Probably the greater part of our readers never heard of these young gentlemen before, but we assure you that they are business men now and making good progress in their venture. All of these boys have agencies for The Progress. They buy their papers and retail them to their customers at twelve cents per week. They also deliver papers for The Progress where the subscription has been paid in advance. Albert Logan has just come from the hospital, where he underwent an operation for ear trouble. James Wesley is resting at home, after a slight illness, and Terry Bratton is recovering from two broken ribs, which he received when he tried to wrap himself around a telephone pole last Saturday night, while sled riding.

The boys who are taking care of these routes for the injured boys will collect for them tomorrow, and we ask that our readers assist them by making prompt payment of the amount due.

Tree Trunks Made Cisterns.

The gigantic baobab tree of central Africa, the trunk of which sometimes attains a diameter of forty feet, often serves as a natural cistern, retaining rain water in large quantities in a cavity formed at the top of the broad trunk. Taking the hint thus afforded by nature, the Arabs ingeniously hollow out the large baobabs and fill them with water during the protracted dry seasons. These cisterns are in many cases twenty feet in height and eight or ten feet in diameter.

CONVERSIONS IN THE METHODIST REVIVAL

The revival meeting at Trinity Methodist church last night was of a type very familiar to people twenty-five years ago. All the interest of the part of the people, the power in prayer and in song, the conversion of sinners and the testimony to God's saving power were like the old time Methodist revival. Already many prominent church people are regretting the necessity of Evansville, Hyatt leaving Sunday to fill another engagement, the outlook for a great one that here being a full of promise. There will be a big service tonight, with many of the people people present. The meetings are growing in interest and power every night. The following were among the out of town visitors present in the meeting last night: Rev. F. W. Biddle and Messrs. Shroy and Tate, of Curwensville; H. E. Buckingham, of York.

The Epiphany West Church will have a singing of hymns, information at 8 o'clock on Sunday at 8 o'clock.

ATTENTION PLEASE

About a week ago, we received a letter from a lady in Clearfield, in which a complaint was made of all treatment received at the hand of a Clearfield store. A genuine lady was signed to the letter, and as there are several families of that name in the city, we kindly ask that the writer come forward as we have some information that will solve the difficulty.

If Kidneys And Bladder Bother

Take a Glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and bladder weakness result from acid urine, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, stinging sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a searing sensation and is very painful when there is difficulty in expelling it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, it is really one of the most simple ailments to overcome. Get about two ounces of Dr. J. C. Williams' Pink Pills and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary system. When then act normally again.

Dr. J. C. Williams' Pink Pills are made from the juice of grapes and other pure vegetable materials.

Come While These January Clearance Prices Are In Force

CONSTITUTIONAL PROHIBITION TONIGHT LEAGUE OF NATIONS FUNCTION TODAY

WASHINGTON, Jan. 14.—Constitutional prohibition, the dream of the prohibitionists for more than a century, becomes a reality at a minute after mid-night tonight in every nook and corner of the United States and its possessions. From the land in which he was so popular John Barleycorn left today under formal deportation by the constitution. Virtually the only celebration commemorating the falling of the Barleycorn ark are jubilees of prohibitionists in various cities who confidently predict he will never return. His friends are still punning their faith on one hope—that the Supreme Court might find constitutional prohibition invalid. A force of special prohibition agents backed by other government officials will start tonight to enforce the letter of the constitutional law. War time prohibition had many leaks but the nation will be bone dry under the amendments, Daniel Roper, Commissioner of Internal Revenue predicted today.

WASHINGTON, Jan. 16.—Daniel Roper, Commissioner of Internal Revenue, on his return here from New York, said that the appointment of fifty additional men in New York City to cope with the liquor situation there. He said that conditions in New York were very bad, but thinks they will improve after midnight tonight when the Prohibition amendment goes into effect.

We are going to enforce Prohibition, said Mr. Roper. The law is plain and people must obey it. The Prohibition amendment becomes operative at 12 o'clock Saturday morning. Then the agents of the Bureau of Internal Revenue will begin in earnest to make the Nation dry.

It has been an open secret that Government officials did not intend to be too drastic in the efforts to carry out the provisions of the War time Prohibition Act, but sound soft pedal until today.

President Wilson will be asked to recommend legislation for the use of the 70,000,000 gallons of alcohol being produced in the country. One plan is to have a commission provided to inquire into the amount and distribution of this liquor and then submit a plan for final disposition. Commissioner Roper is inclined to enforce the law, but is not sure of the taking of the law. The enforcement of the law will be put up to Congress.

Officials Fear Thugs

Treasury Department officials fear they will not be able to enforce the law on liquor in New York. The city is too big and the property is being used for the purpose of the owners and the police. This arrangement of the police cannot be kept up long.

Thief of liquor cases were reported to pay a large sum of money on all that is stolen. That is such an amount for proposition that Congress will be asked to provide a remedy. The Government is supposed to protect and keep the property of the citizens. But up the town there will be no legitimate business break in the city. The city will be a lawless place.

SHIP BUILDING FRAUDS ON PACIFIC COAST ARE SUBJECT OF PROBE

WASHINGTON, Jan. 16.—Evidence of ship building frauds on the Pacific coast is now partially ready for consideration by the grand jury according to agents of the Department of Justice here today. The Treasury Department and the Shipping Board investigation committee will assist Palmer's men in preparing the evidence. Practically all of the Pacific Coast attaché of the Bureau of Investigation of the Department of Justice have given their time almost exclusively to the investigation.

PARIS, Jan. 16.—The League of Nations, without American membership or representation, took its place as a world institution today. It came into being at a solemn inaugural meeting of the League's Supreme Council in the historic clock room of the French foreign office. It was the same spot where the League was born eleven months ago. Leon Borgeois, President of the French Senate was elected permanent president.

Neither American Ambassador Wallace nor any subordinate American official was present. Each speaker regretfully referred to that fact. The only Americans who watched the hands of the great clock sweep through the hour which launched the great international institution on a basis of justice and co-operation were newspaper men.

The meeting began at 10:35 a. m. and adjourned at 11:50. Referring to America's absence Premier Borgeois in his opening address declared the Council's work cannot assume "that definite character and that particular force which would be assisted with our work" until the United States becomes a member of the league.

BRYAN THREATENS SURRENDER TO REPUBLICANS ON TREATY DISPUTE

WASHINGTON, Jan. 16.—William J. Bryan today continued his campaign among the Democratic Senators for immediate ratification of the peace treaty threatening a Democratic surrender to the Republicans if no other way is possible. Bryan, who came to Washington late yesterday, was scheduled to see a number of Senators today. Democrats announced a conference late yesterday with Senator Lodge and other Republicans in Lodge's office. Today they were to discuss with their colleagues several changes of the Lodge reservation as suggested in the meeting yesterday. They are to report at a second conference with Lodge on Saturday. Senators who attended the conference declined to discuss the details of the suggested changes.

CHICAGO BANDITS WITH FOUR AUTO TRUCKS STEAL 75 BARRELS OF RYE

CHICAGO, Jan. 16.—Six bandits held up the yard master and seven members of a freight train crew in the Pennsylvania railroad yards early today. They broke into two cars and escaped with 75 barrels of liquor valued at \$100,000. The bandits entered the yard master's office tied him, and cut the telephone wires leading from the building. They tied the engineer, fireman, three brakemen and two sweepers of the train crew and loaded the whiskey into four trucks. The helpless crew and yard master were not discovered until several hours later when the day crew reported.

U. M. W. OF A. OFFICIALS DENY THEY SEEK NATIONALIZATION OF MINES

WASHINGTON, Jan. 16.—U. M. W. of A. officials today repudiated the charges of coal operators that an attempt was being made to bring about nationalization of the mines. The operators charged that the miners in presenting evidence before President Wilson's Coal Commission were trying to prolong the inquiry into demands for higher wages and shorter hours by asking investigation of conditions which were settled by old time contracts. The ultimate object being nationalization of the mines. The commission did not meet today, having adjourned until Monday afternoon to allow the miners to compile details of their argument regarding the working of the Central Competitive field.

CLAIM DETHRONING OF HUERTA BY U. S. BASIS OF MEXICAN HATRED

SAN ANTONIO, TEXAS, Jan. 16.—Meddling of the United States government in connection with the ousting of Huerta was advanced today as the cause of the bitter feeling and hostility against Americans in Mexico according to testimony before the Fall committee investigating the Mexican situation. Today's hearing was expected to bring out further testimony that the sweeping bribery and lawlessness prevailed among Mexican federal troops as well as among the outlaws.

At last a letter has been drafted demanding from Holland the Kaiser. When will it be mailed and will the letter be sent by the Burleson route? We want to live to read the proceedings of the trial.

Where are all those wiseacre editors who predicted that there would be a revolution or a general strike when the bottle was taken away? And where are those solicitous editors who saw Pennsylvania doomed because of our quiet, restful Sabbath Day? Don't know. Who cares anyway?

Today we publish an article dealing with the manner in which our government is dealing with disabled soldiers. Every once in a while we hear of a case in which it appears that justice has not been done. We believe that if these cases were brought to the attention of the proper officials there would be little cause for complaint from any quarter.

A gifted, talented and accomplished musician is one of the angels of earth. No matter what our troubles, our worries or our joys; the effect of music on our lives is always for good. It will be choice news for our readers to learn that Miss Helen Yorke and Mr. Wadsworth Provendia, who appeared here this winter with the De Feo Opera Company, have been engaged for a concert the early party of February. More anon.

The Philipsburg Journal remarks, "Domestic differences occupy too much attention in many of our courts. Clearfield county is particularly marked in this respect. Probably there will be a change for the better with the elimination of the drinking system, which has often been responsible for so much domestic trouble."

If our Clearfield county men would stay away from Centre County there might be less domestic trouble at home.

It may be sacrilegious to speak of money matters in this column but we fear a number of our subscribers have forgotten that Red Envelope. Today we had to stop a number of subscriptions which we know should not have stopped because the readers are regular subscribers who have never missed an issue but we have to follow our rule and keep the promise we make to all mail subscribers—that the paper will not be sent a day after expiration.

The Premier of France paid a great compliment to the United States when he said that the League of Nations, effective today, loses much of its power and force by reason of the United States not being a party to the League Council. There is no doubt that the Allies expected the United States to sit in as the balance of power that would stabilize the whole of Europe. The thought of the United States being such an important factor in world affairs is father to the opinion that we will be just as well off by staying out of a combination in which we will be supposed to bear the brunt of being the lid that will keep Europe's kettle from boiling over. Our Allies believe they are the losers by our absence. If Europe can show us where the advantage is for us the league will appeal more strongly.

Mendez, one of the leaders of the Cortobado bandits who abducted William O. Jenkins, American consular agent at Puebla, has been captured, according to dispatches from that city. Mexican authorities reported that Mendez had produced important evidence against Jenkins, who is charged with collusion with the bandits. READ THE PROGRESS

"I am able to say with confidence that margarine contains nothing whatever that is inferior as an article of diet, but on the contrary, is essentially identical with the best fresh butter and is superior to much of the butter made from cream alone which is found in the market. The conditions of its manufacture lend it a degree of cleanliness and consequent purity in the product, such as are by no means necessarily or generally attained in the ordinary making of butter from cream."

Professor Norton is the Food Expert of the Stevens Institute of Technology of New Jersey.

All milk and cream are supposed to be certified and pasteurized before they leave the milk stations in the country. But every one of the hundreds of cases of milk and cream that come to us daily are re-certified and re-pasteurized by us before they are ever allowed to go to our customers.

You would not give your babies uncertified or unpasteurized milk. You know how that would hurt them, just as it will with margarine. Your family physician or your health commission will tell you that.

All the top milk in our exception agree on this point.

Gossip for Tonight's Tea Table

Mr. and Mrs. Robert Hopkins were called to Philadelphia on account of the death of Mr. Hopkins' brother.

Miss Frances Smith, of Curwensville, is the guest of her sister, Mrs. Walter Fullington on Fourth street.

Mr. and Mrs. Roy Brown have returned to their home in Dufkale, after visiting at the home of the latter's parents, Mr. and Mrs. George Thurston.

Miss Mae Craft has accepted a clerkship in the office of Probationary Ralston, and began work this morning.

The K. of C. gave a delightful euchre at their rooms on Market street last evening. The prizes were won by Mr. and Mrs. Charles Mallen.

Miss Lenora Beauchamp, who has been visiting her sister, Mrs. Pat Collins on Fourth street, left today for Surveyor, where she will visit with relatives and friends before returning to her home in Leontes Mills.

Felix Beigey, who is employed at Surveyor Run Mines, came in contact with a piece of slate, which almost left him blind of the right eye.

Mrs. Bess Raper, of Williamsport, is visiting her parents, Mr. and Mrs. Sam Snook on Third street.

Miss Mary Waterworth has returned from a visit with relatives in Old City.

Harry Baer, of New York City, was in town today transacting business.

Mrs. N. E. K. Ake, of Curwensville, was shopping in town yesterday.

Mrs. Myrtle Goldy is at her home on Reed street.

J. Fred Weaver has returned from a business trip to West Virginia.

Rev. Biddle, of Curwensville, attended the Revival meeting at the Methodist Episcopal church last evening.

Mrs. James McLaughlin and daughters Jane and Mary are spending the week end with Mrs. McLaughlin's sister Mrs. C. C. Johnson, of Philipsburg.

Rev. James S. Phillips is spending the week end with relatives in Philipsburg after spending the past month with his daughter Mrs. James McLaughlin on Park street.

THREE BUSINESS MEN LAID UP

Three business men of Clearfield are laid up this week, and while others are attending to the needs of their customers, they will be unable to get out and make their collections. We refer to Albert Logan, James Wesley and Terry Bratton. Probably the greater part of our readers never heard of these young gentlemen before, but we assure you that they are business men now and making good progress in their venture. All of these boys have agencies for The Progress. They buy their papers and retail them to their customers at twelve cents per week. They also deliver papers for The Progress where the subscription has been paid in advance. Albert Logan has just come from the hospital, where he underwent an operation for ear trouble. James Wesley is resting at home, after a slight illness, and Terry Bratton is recovering from two broken ribs, which he received when he tried to wrap himself around a telephone pole last Saturday night, while sled riding.

The boys who are taking care of these routes for the injured boys will collect for them tomorrow, and we ask that our readers assist them by making prompt payment of the amount due.

Tree Trunks Made Cisterns.

The gigantic baobab tree of central Africa, the trunk of which sometimes attains a diameter of forty feet, often serves as a natural cistern, retaining rain water in large quantities in a cavity formed at the top of the broad trunk. Taking the hint thus afforded by nature, the Arabs ingeniously hollow out the huge baobabs and fill them with water during the protracted dry season. These cisterns are in many cases twenty feet in height and eight or ten feet in diameter.

Beggs' MUSTARINE

Chemist Beggs Says

Heart is absolutely necessary if you want to get rid of

Rheumatism or Gout

"Heart is absolutely necessary if you want to get rid of rheumatism or gout. Beggs' Mustarine is a powerful purifier of the blood, and it is the only medicine that can be taken without any danger to the system. It is a powerful purifier of the blood, and it is the only medicine that can be taken without any danger to the system. It is a powerful purifier of the blood, and it is the only medicine that can be taken without any danger to the system."

Read once again the claims at the top of this advertisement, and then, looking better for the first time, believe that what is said is true. It is a powerful purifier of the blood, and it is the only medicine that can be taken without any danger to the system.

CURRENT EVENT CLUB ENTERTAINED

Mrs. Guernsey Smith entertained the Current Event Club Wednesday afternoon at her home on West Front street. Mrs. H. A. Kennedy, Mrs. Charles Kurth, Mrs. J. B. Seyling and Mrs. William Pavell had subjects. Dainty refreshments were served.

CONVERSIONS IN THE METHODIST REVIVAL

The revival meeting at Trinity Methodist church last night was of a type very familiar to people twenty-five years ago. All the interest of the part of the people, the power in prayer and in song, the conversion of sinners and the testimony to God's saving power were like the old time Methodist revival. Already many prominent church people are regretting the necessity of Evangelist Hyde leaving Scranton to fill another engagement, the outlook for a great one that here being a full of promise. There will be a big service tonight, with many of the people people present. The meetings are growing in interest and power every night. The following were among the out of town visitors present in the meeting last night: Rev. F. W. Biddle and Messrs. Shroy and Tate, of Curwensville; H. E. Buckingham, of York.

The Epiphany West Church will have a singing of hymns, information at 8 o'clock on Sunday at 8 o'clock.

ATTENTION PLEASE

About a week ago, we received a letter from a lady in Clearfield, in which a complaint was made of ill treatment received at the hand of a Clearfield store. A genuine lady was signed to the letter, and as there are several families of that name in the city, we kindly ask that the writer come forward as we have some information that will solve the difficulty.

THE EDITOR.

ELK HOSE COMPANY

All members of Elk Hose Company are requested to report at the hose house Sunday evening at 7 o'clock for the purpose of attending the Lutheran church at 7:30 at which time Rev. C. W. Baker, the pastor, will preach the annual memorial sermon for the Fire Department.

Mrs. W. W. Root is spending a few days in Clearfield, N. Y.

If Kidneys And Bladder Bother

Take a Glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and bladder weakness result from acid urine, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, stinging sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passed sometimes with a searing sensation and is very painful when there is difficulty in urinating.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, it is really one of the most simple ailments to overcome. Get about two ounces of Dr. J. C. Williams' Pink Pills and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary system. When then act normally again.

Dr. J. C. Williams' Pink Pills are made from the juice of grapes and other pure vegetable materials.
